

About us

The "Kárpátaljai Magyar iskolai Könyvtárakért Alapítvány" [Foundation for the Hungarian School Libraries of Subcarpathia] was registered at the Court of Szabolcs-Szatmár-Bereg county, Hungary, under reg. no. 2181 on the 22nd of February 2006.

The mission of the Foundation:

- a) supporting the libraries of fully or partially ethnic Hungarian schools in Subcarpathia with books, technical equipment and professional, methodological consulting;
- b) supporting the training and further training of librarians working in such schools;
- c) supporting the literary and other relevant programmes and events of these schools;
- d) appreciation of the outstanding professional work of librarians working in these schools, nominating them for awards.

We continually extend our activities to Transylvania and the Highlands (Slovakia), and we participate in programmes dealing with the work of ethnic Hungarian librarians and their readers in other foreign territories.

We continually expect donations of books which, after a strong selection, will be forwarded to the settlements concerned outside the borders. The remaining books are sold, and the funds thus raised are used to procure books and other materials as requested by our partner schools.

Your financial donations are welcome at the following account no.:
ERSTE Bank: 11600006-00000000-18609233

Tax no.: 18815160-1-15

Please visit our website to see how your donations are forwarded and distributed. You also find information about new donations and the life of our foundation at the website, too.
